Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 4 references to be considered by the Examiner.

Reference number 4 identifies a co-pending application assigned to the assignee of this application, as follows:

Reference No.	Application No.	Publication No. (Docket No.)
4	11/744,802	2007-0213804 (ANVIL.1BNPC3)

Applicant directs the Examiner to the referenced application to consider whether the subject matter claimed, now or as may be amended in the future, as well as the associated prosecution history, now or in the future, may be relevant to the patentability of the present application (e.g., for reasons of obviousness-type double patenting). Applicant notes in particular the noted Office Action. Applicant believes that the Examiner has access to the referenced application and associated file history through the Patent Office (e.g., the IFW system). Accordingly, Applicant has not provided a copy of the referenced application or its associated file history, but would be happy to do so, now or in the future, should the Examiner so request.
